

Principal's Welcome

On behalf of the staff and students at Undurba State School I would like to welcome you and your family to our school community. Our school is committed to advancing and maintaining quality educational outcomes for all students in a supportive and caring environment.

We value the partnership that exists between home and school and aim to work together with families to provide an education that not only prepares students for the future they will create, but provides the skills and processes to access ongoing learning and information for life. We are fortunate to possess a committed and caring staff who work tirelessly for the benefit of the students so they have every opportunity to achieve their full potential.

Our curriculum is designed to engage students in learning through relevant contemporary, challenging programs. We have a strong focus on meeting the developmental needs of students in both the early phase and middle years of schooling.

We trust that you will find our website useful and encourage you to contact us should you require more information. We look forward to having the opportunity to sharing the learning journey with you and your child in the near future.

Regards

Mark Hunter
