

**ACCESS TO MURRUMBA STATE SECONDARY COLLEGE CONSENT**

On a number of occasions throughout your child's education at Undurba, there will be a need for them to walk next door to the High School Campus.

Such occasions will include participation in LOTE lessons (Spanish); practice and performance in music programs, accessing resources such as science labs, Arts facilities, Sporting Facilities and others as the need arises.

Our campuses are connected by a pathway near our library.  
Students do not need to go outside our school grounds to access the high school campus.

Please indicate your awareness and agreement for your child to access the Murrumba Campus as the need arises by completing this form.

Thank you for your support with this.
